## OLYMPIC POOLS

They are swimming pools realized for municipalities or sports associations attached to competitive activity.

They are built up according to rules of CONI and FIN, and are approved for sports events.

They can be equipped with start blocks, breakwater lanes and water polo grounds.

They are made by R.C. with overflow drains on the two long sides or on the four sides.

Pool covering can be made with tiles or P.V.C. sheath.

Purification plant is composed by two or more filters, compensation tank and inflow from the bottom.

Pools can be covered by our special sliding structure that allow to use them during all seasons

Public Swimming Pool "Santa Maria della Versa"

Sports Unit "Asti 2000"
